

# NATIONAL INSTITUTE OF TECHNOLOGY PATNA

## TRAINING AND PLACEMENT CELL

**TPO'S MESSAGE**

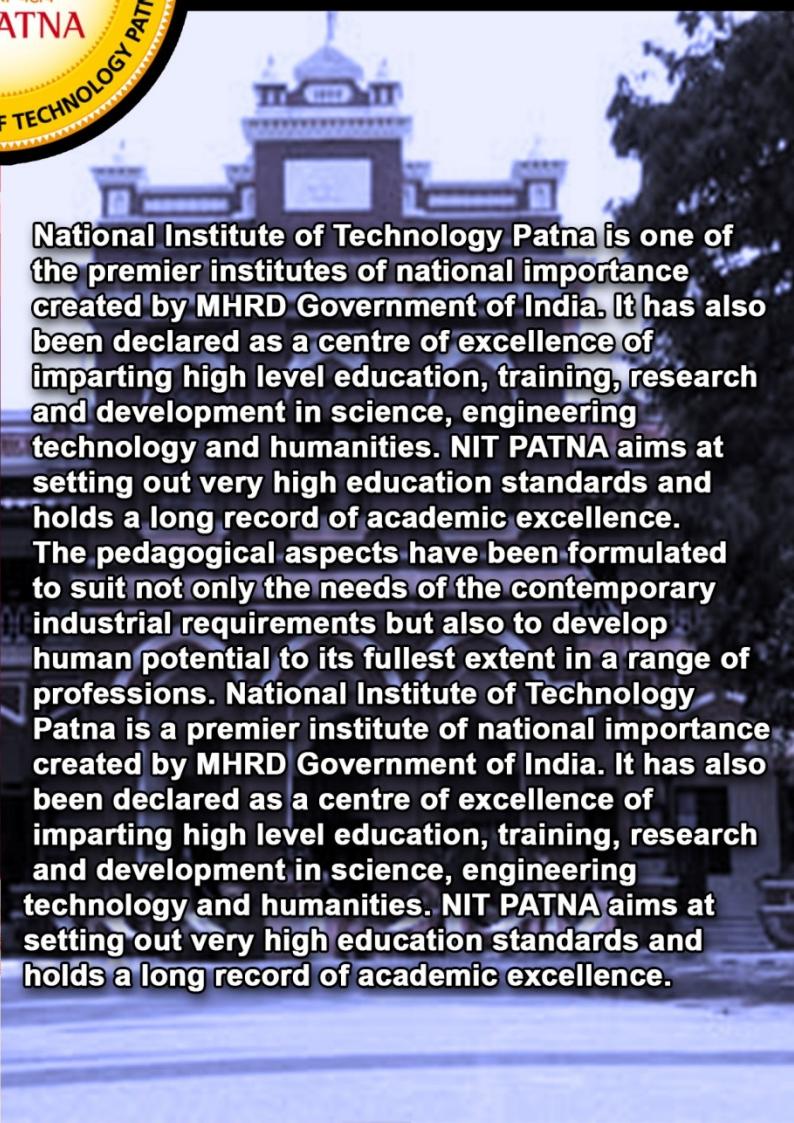

- Dr. Samrat Mukherjee

The Institute has a very active linkage with industry since its inception. All our passed out graduates are serving the Indian Industry and PSUs in pinnacle positions. I appreciate the efforts of our Training and Placement Cell who are in constant touch with industries for the training and placement of our students. I am sure that our recruiters will find our students very competent and they would be visiting us regularly. We look forward towards enduring and fruitful relationship with our esteemed recruiters.

I wish Training & Placement Cell and my students all the success.

- Prof. Asok De

**ABOUT US**

National Institute of Technology Patna is one of the premier institutes of national importance created by MHRD Government of India. It has also been declared as a centre of excellence of imparting high level education, training, research and development in science, engineering technology and humanities. NIT Patna aims at setting out very high education standards and holds a long record of academic excellence. The pedagogical aspects have been formulated to suit not only the needs of the contemporary industrial requirements but also to develop human potential to its fullest extent in a range of professions. National Institute of Technology Patna is a premier institute of national importance created by MHRD Government of India. It has also been declared as a centre of excellence of imparting high level education, training, research and development in science, engineering technology and humanities. NIT Patna aims at setting out very high education standards and holds a long record of academic excellence.
